Jubilee Christian School  
255 Washington Road  
Pittsburgh, PA 15216

Can you imagine a school where  
children are enthusiastic and  
engaged in learning? Where  
children learn to walk with God  
and serve others?

 Jubilee  
Christian  
School

Enthusiastic  
children engaged  
in learning

Can you imagine a school where teachers, staff, and parents all work together to teach children the attitudes, knowledge, and skills they need

- to become enthusiastic independent learners,
- to know and walk with God, and
- to serve others with godly love and compassion?

## Jubilee Christian School is that school

“No matter what we thought was important to us about education before our two children came to Jubilee, what has risen to the top since is that they both love to learn and they both love the Lord. You can’t ask for much more than that.”

—Cindy, mother of 3<sup>rd</sup> and 5<sup>th</sup> grade students

### Academic Curriculum

Students engage in fun and purposeful hands-on activities, field events, and projects that incorporate lessons from multiple academic subjects.

Students explore related topics within meaningful monthly themes or units.

Students think creatively about all aspects of a topic, discovering what the topic is and what it means to them.

Students embrace people from around the world during the annual all-school units where they study another country’s people, history, geography, culture, religion, food, and more.

Students stay focused and challenged within small classes (limited to 16 students per class), because teachers adapt the curriculum or their teaching technique to address individual learning styles, skills, personalities, and abilities.

In addition to standard academic subjects, students study Spanish, art, music, and physical education.

In 2006, 92% of our students scored above the National Norm Percentiles on the Stanford Achievement Tests.

### Christian Environment

Students honor God through daily devotions and prayer.

Students hide God’s Word in their hearts through Scripture memorization.

Students connect Biblical lessons to their academic unit and develop character through daily Scripture study.

Students engage in interactive weekly worship, which includes Biblical and life-application lessons and praise through song and prayer.

Students learn to communicate in positive and respectful ways, resulting in cooperation and long-term relationships.

Students learn character development and civic responsibilities from a Christian worldview.

Children practice godly love and compassion as they serve one another, their families, and others through community service projects.
